

INTRADAY OPTION SELLING COURSE

PROGRAM OBJECTIVE:-

This program is designed to teach you the real secrets of professional option selling and help you generate consistent income from the stock market.

You will learn proven option-selling strategies, risk management techniques, and a professional approach to trading. The goal is to help you protect your capital, generate regular income, and build long-term wealth through disciplined trading.

Whether you are a salaried professional, business owner, or investor, this mentorship program can help you develop the skills and mindset required to trade like a professional option seller

PHASE 1: FOUNDATION OF OPTION SELLING BUSINESS (3 DAYS)

PROGRAM DURATION:- 12 DAYS

12 Days Live Classes post Market + Lifetime Support

TRAINING MODE

Live Online Classes (Google Meet)

WHAT YOU WILL LEARN:

- 1 What is Option Selling? (Business perspective, not theory)
- 2 Why 90% of traders fail & how professional option sellers consistently win
- 3 Transition from gambler mindset → business owner mindset
- 4 Options explained with practical, live market examples
- 5 Greeks simplified — only what actually matters for sellers
- 6 Capital deployment & risk rules followed by professionals

OUTCOME:

You stop thinking like a trader and start thinking like a disciplined option seller.

PHASE 2: CORE OPTION SELLING STRATEGIES (3 DAYS)

WHAT YOU WILL LEARN:

1. High-probability option selling setups used by professionals
2. Support & Resistance from an option seller's point of view
3. Strike price selection logic (the most critical skill)
4. Expiry vs Non-Expiry day behavior
5. When NOT to trade (capital protection rules)

Phase 3: Execution & Adjustments (2 Days)

What You Will Learn:

1. Rule-based Entry, Stop-Loss & Exit systems
2. Adjustment techniques with live market examples
3. Handling fast, volatile & news-driven markets
4. Loss control & damage-limitation techniques

Outcome:

You gain the skills to survive bad days while protecting your capital and mindset.

Phase 4: Risk Management (Most Important) (2 Days)

What You Will Learn:

1. Position sizing based on capital
2. Maximum loss rules (per trade & per day)
3. Drawdown control framework
4. Hedging techniques for option sellers
5. How professionals stay in the game for years

Outcome:

You master capital protection first, before chasing profits.

Phase 5: Option Selling as a Business (2 Days)

What You Will Learn:

1. Consistency framework used by full-time option sellers
2. How to scale capital safely
3. Common mistakes that destroy option sellers
4. Psychological discipline & daily trading routine
5. Final Live Q&A Session
